

As a US citizen whose taxes pay for the public airwaves, I strongly object to the Sinclair Broadcasting partisan decisions during this campaign. Their current intent to force their stations to broadcast a program portraying Kerry negatively and inaccurately is not in the public interest. The limited ownership of the airwaves and newspapers has left the public at the mercy of the owners political views. Public television and radio are the only media I trust.

And isn't this an example of an illegal campaign donation?

Please, at the least make Sinclair Broadcasting provide equal time to Kerry's campaign.

Thank you.

Marcia Wine
